# CITY WINERY WINES ON TAP

Straight from the barrels in our cellar. No bottles, no labels and no corks. Rather than put the wine into a bottle when it is ready, we put it into stainless steel kegs and preserve it with a thin layer of "custom mix", CO2 and N2 gas, keeping every pour fresh with no waste. We source our grapes from some of the finest vineyards in the world and want to give you a world-class, expressive taste in every glass. Cheers.

– Michael Dorf, Founder & CEO  
– David Lecomte, Chief Winemaker

City Winery tap wines are crafted in small batches and will rotate often.

It's very important to me that our 500+ list of wines is balanced by region and style. I also wanted to draw attention to smaller grower-producers because I feel they have greater care in regards to their product. In addition, we've incorporated some iconic items procured through auction by our Founder/CEO Michael Dorf. It is always a goal for my wine lists to be approachable as well as have some fun, funkier selections that people could move towards and expand their palates.
